Subject: Label Amendment – Label updates including new marketing claims
Product Name: Turf Fertilizer Broadleaf Plus Dimension Weed Control
EPA Registration Number: 961-419
Application Date: November 30, 2017
Decision Number: 537071

Dear Ms. Covert:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Emily Schmid at 703-347-0189 or by email at schmid.emily@epa.gov.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kathryn V. Montague for".

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear protective eyewear. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using the toilet or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

First Aid	
If in eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15 - 20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by a poison control center or doctor.• Do not give anything by mouth to an unconscious person.
If on skin or clothing:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15 - 20 minutes.• Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information in case of emergency, call toll free (888) 208-1368.	

Environmental Hazards

This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn will help to prevent run off to water bodies or drainage systems.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:

- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until dusts have settled.
- The use of [TURF Fertilizer Broadleaf Plus Dimension Weed Control] on lawns and ornamental turfgrasses that are not well established, or have been weakened by stress due to mechanical operations, chemical injury, disease, insects, pests, excessive temperatures, or lack of moisture may increase the chances for turfgrass injury. Allow turfgrass weakened by these stresses to recover before application of this product.
- Do not use this product on or near desirable plants, including within the drip line of the roots of desirable trees and shrubs, since injury may result.
- Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches.
- Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays, and oceans.
- Do not apply when windy.
- Apply this product directly to your lawn, and sweep any product landing on the driveway, sidewalk, gutter, or street back onto the treated area. To prevent product run-off, do not over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day.
- Do not exceed specified dosage for any area.
- Do not use clippings from treated areas for composting or for mulching vegetables or fruit trees.

[OPTIONAL HEADING:] [INSTRUCTIONS:] [USE INSTRUCTIONS:] [APPLICATION DIRECTIONS:] [APPLICATION INSTRUCTIONS:] [TURF Fertilizer Broadleaf Plus Dimension or This product] is [formulated] [designed] to provide control of most annual grasses and certain broadleaf weeds* commonly found in home lawns.

[TURF Fertilizer Broadleaf Plus Dimension Weed Control or This product] contains three components: a preemergent herbicide, a lawn fertilizer, and a post emergent broadleaf weed* killer.

- The preemergent herbicide can be applied to established turfgrass to control, annual bluegrass, annual ryegrass, Barnyardgrass, barley⁺⁺, brome⁺⁺, crabgrass (large, smooth, southern), dallisgrass (seedling)⁺⁺, goosegrass, foxtails(green, yellow, giant⁺⁺), and other undesirable annual grasses.
- The fertilizer contains [slow release] nutrients [that may extend the availability] for turfgrass uptake.
- The post emergent broadleaf herbicide will control over 250 lawn weeds* including dandelion, chickweed, thistle and clover. A [partial] list of broadleaf weeds is presented on this label.
- For acceptable control of Barnyardgrass and goosegrass, two applications made at 6 to 10 week interval are needed.

⁺⁺ Use of this product at this rate will only provide partial control and/or suppression of the listed weeds.

*See Use Directions for complete list of treated weeds.

WHERE TO USE

[TURF Fertilizer Broadleaf Plus Dimension Weed Control] may be used on the following established turf species:

For use on established bahiagrass, bermudagrass, buffalograss, centipedegrass, fine fescues, Kentucky bluegrass, perennial ryegrass, tall fescues, and zoysiagrass.

DO NOT use [TURF Fertilizer Broadleaf Plus Dimension Weed Control or this product] on St. Augustinegrass, colonial bentgrass, dichondra or carpetgrass as serious lawn injury will result.

DO NOT use [TURF Fertilizer Broadleaf Plus Dimension Weed Control or this product] on Floratam St. Augustinegrass or death will result.

Do not use this product on turfgrass where desirable clovers are present.

If the lawn has been seeded recently, wait until after the third mowing before using this product. Do not seed, overseed or sprig the treated area for 10 weeks after application.

[WHEN TO APPLY]

This product may be applied to established lawns as a single application or as split applications in the spring, early summer, or fall.

For the best results in the spring, apply this product one to two (1 to 2) weeks before the expected germination of crabgrass. When the period of germination for crabgrass and other weeds listed on this label extends into early summer, then a second application can be made at 6 to 10 weeks after the initial application.

For control of crabgrass and other listed grasses: This product is a preemergent herbicide to control crabgrass (smooth, southern and large) and other susceptible annual grasses. This product may also provide early post emergent control of crabgrass. However, post emergent crabgrass control will be obtained only when this product is applied before the first tiller stage of crabgrass.

[start optional growth stage description]

The graphics below indicate the growth stages of crabgrass, and the optimum timing for application of this product to assure control:

BEST Grassy weed control	GOOD Grassy weed control	POOR Grassy weed control
1 to 2 weeks before germination	Stages 9, 10, 11, or 12 above	Stage 13 or greater

[end optional growth stage description]

For broadleaf weed control:

Best results are obtained during the spring and fall when broadleaf weeds are present, young and actively growing under adequate soil moisture and favorable temperatures (50° to 80°F).

[HOW TO APPLY]

This product needs to stick to the leaves of broadleaf weeds and should be applied when the grass is wet from dew or rain; poor results will occur if it is applied to dry lawns. The lawn should not be watered or disturbed for 24 hours after application. Delay mowing for 3 days after application.

Apply this product in calm weather when rain is not predicted for the next 24 hours and when wind is calm. Avoid spreading granules onto flowers, vegetables, and ornamental shrubbery or desirable plants.

[HOW MUCH TO APPLY:]

[Option 1a]

Common bermudagrass, centipedegrass, fine fescues, Kentucky bluegrass, perennial ryegrass tall fescues and zoysiagrass[.] [: Apply [2.5 to 3.6] pounds of product per 1,000 square feet of established turfgrass.]

Hybrid bermudagrass, bahiagrass and buffalograss [.] [

Apply [2.0 to 3.0 pounds] [xx.x pounds] of product per 1,000 square feet of established turfgrass.]

[Option 1b]

[Bahiagrass, buffalograss, common bermudagrass, centipedegrass, fine fescues, hybrid bermuduagrass Kentucky bluegrass, perennial ryegrass, tall fescues and zoysiagrass.] [:

Apply [xx.x] pounds of product per 1,000 square feet of turfgrass. A second application may be made after 30 days. The maximum number of broadcast applications per treatment site is 2 per year.

New York State: Do not exceed one application at the maximum rate of 3.6 pounds of product per 1,000 sq. ft. per year (0.25 lb. active ingredient of dithiopyr per acre per year).

Other States: The maximum broadcast application rate is 3.6 pounds of product per 1,000 sq. ft. per application [1.15 lb 2,4-D acid equivalent, 0.26 lb MCP-p acid equivalent, 0.11 lb dicamba acid equivalent, and 0.25 lb dithiopyr per acre per application]. The maximum number of broadcast applications is limited to 2 per year with a minimum of 30 days between applications. The maximum seasonal rate is 7.2 pounds of product per 1,000 sq.ft. [2.30 lb 2,4-D acid equivalent, 0.52 lb MCP-p acid equivalent, 0.22 lb dicamba acid equivalent, and 0.50 lb dithiopyr per acre].

[In the state[s] of [list the state or states] apply this product at no more than xx lbs. of product per xxxx sq. ft.]

[Optional Heading:] [Spreader Settings}

[Note: Registrant/Subregistrant will insert appropriate spreader setting information based on spreader models and use rate.]

Optional [Application Equipment and Instructions] [Spreader Directions]:

[Determining Your Lawn's Square Footage

To determine how much of this product to apply, you must determine the square footage of your lawn. An easy way to do this is to walk the length of your lawn, figuring that one pace equals approximately 3 feet. Do the same with the width of the lawn. Then multiply the length by the width to arrive at the total. Make sure you subtract the square footage of your home and driveway when calculating the total square footage of your lawn. If your lawn has an irregular shape, try dividing it up into a number of square areas. Calculate the square footage for each area, then add the figures together to reach your total lawn size.]

[Insert icon representing footprint of house, driveway and lawn]

[[above pictogram is optional]

[Spreader Tips

The two main types of spreaders are the Drop Spreader, which drops the material straight down the width of the spreader as you push, and the Broadcast Spreader (also known as a rotary), which throws the material from the spreader.]

[Drop Spreader: [(See Fig. A.)] First make two passes along the top of the area you'll be covering. Then make two passes along the bottom area. Then move back and forth along the long part of the lawn. On each pass, as you reach the strips at the top and bottom of the area to be covered, shut off the spreader. It's also important to shut off the spreader when you are stopped.]

[Insert drop spreader icon]

[Insert icon showing spreader path]

[[above pictogram is optional] [Fig. A.]

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep in original container in a cool, dry area, away from extreme heat and direct sunlight. Do not store near food, feed, seeds or other pesticides.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or www.website.com for disposal instructions. Never place unused product down any indoor or outdoor drain.

[WARRANTY:

[NOTE] To the extent consistent with applicable law, Buyer assumes all responsibility for safety and performance if this product is not used according to the directions.]

[Optional Warranty]

WARRANTY
IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of [Lebanon Seaboard Corporation] [Company name]. All such risks shall be assumed by the user or buyer.

Claims regarding Weed Control Properties

1. [Controls] [Kills] [253] [more than ###] weeds*! (List of weeds may include any of the weeds listed in Weeds Controlled section of this label):
2. [Patented] formula kills dandelions AND stops crabgrass
3. [One Product] Kills Broadleaf Weeds* and Prevents Crabgrass
4. [TURF Fertilizer Broadleaf Plus Dimension Weed Control] is formulated to kill only the weeds*, not the lawn.
5. 2 in 1 Kills Dandelions & [Prevents] [Stops] Crabgrass [all season]
6. 2 in 1 Weed Control
7. 3 month [12 weeks] weed grass control
8. Apply when [broadleaf] weeds* are [actively] growing [in spring or early fall]

9. Begins killing on contact
10. Clobbers clover
11. Consistently fast on: tough weeds like clover, plantain, ground ivy and spurge [various other weeds listed]
12. Controls '[Kills] clover, dandelion, plantain, chickweed and [other broadleaf weeds[*]] [others as listed]
13. Controls Dandelion, White Clover, Plantain, Chickweed, Spurge and Many Other Listed Weeds
14. Controls new weeds for 3 months [12 weeks]
15. Controls[Kills] [the]Worst Problem Lawn Weeds: [Dandelion],[Crabgrass,] [Clover], [Ground Ivy], [Spurge], [Purslane] [and more] (List of weeds may include any of the weeds listed in Weeds Controlled section of this label)
16. Get the lawn you want: lush, green, thick and weed-free*
17. Keeps lawn weed free*, well fed [!]
18. [Banishes][Terminates][Kills] [Eliminates][the] Toughest Southern Lawn Weeds: [Wild Onion], , [Foxtail], [Dollarweed],[Dallisgrass],[Ground Ivy],[Plaintain,][chickweed,][henbit]& [250] More! (List of weeds may include any of the weeds listed in Weeds Controlled section of this label)
19. Treats Southern Lawns for Worst Grassy Weeds: [Crabgrass],[Dallisgrass],[Goosegrass],[Foxtail][& More] (List of weeds may include any of the weeds listed in Weeds Controlled section of this label)
20. Destroys weeds* fast
21. Destroys even the toughest [lawn] weeds*
22. Destroys the hard-to-kill broadleaf weeds* [like clover, dandelion; oxalis]
23. DIMENSION® is a registered trademark of Dow AgroSciences, L.L.C.
24. Eliminates Lawn Weeds* [- One application does it all] - crabgrass, dandelion, viney weeds, even clover.
25. Especially Effective on Hard-to-Kill Weeds*
26. Fast-acting weed* [kill] [control]
27. For a beautiful weed-free* lawn
28. Helps keep lawns weed-free*
29. Kills [down to] the root, [not the lawn]
30. Kills [major] broadleaf weeds* [like clover, dandelion, oxalis]
31. Kills [Over] [More Than] XXX [250] [Listed] Weeds[*] [!] [as Listed] (Note: 253 listed weeds)
32. Kills [XXX] [250] weeds* including dandelion, clover and other common lawn weeds*
33. Kills 250 Lawn Weeds* To The Root!
34. Kills 250 Weeds* [to the root]
35. Kills 250+ [tough] [common] [lawn] weeds*
36. Kills broadleaf weeds* in lawns [turf]
37. Kills dandelion and many other broadleaf weeds*.
38. Kills Dandelion[s] [and most lawn weeds*]
39. Kills even the tough[est] broadleaf weeds* [like clover, dandelion, oxalis]
40. Kills major broadleaf weeds* including roots.
41. Kills major broadleaf weeds*, even the roots.
42. Kills over [xxx] [250] of the toughest weeds*

43. Kills Over xxx Weed* Types
44. Kills the root
45. Kills the weeds*, not the lawn [turf]
46. Kills tough lawn [turf] weeds*
47. Kills tough lawn weeds* to the root
48. Kills tough weeds* [to the root]
49. Kills weed* roots!
50. Kills weeds* now for few weeds in spring
51. Kills weeds* on contact
52. Kills weeds* to the root
53. Kills weeds*, not lawn grasses
54. Kills weeds*, won't harm lawn
55. Kills [listed] [250] Weeds*
56. Kills [listed] [250] Weeds* [Types] Including Roots
57. Kills [listed] [250] Weeds*; [Types,] Even the Roots.
58. Kills [listed] Weed* Types Including Roots
59. Kills [listed] Weed*; Types, Even the Roots.
60. Kills up to 250 [listed] weed* types
61. Kills young crabgrass [in early stages of growth]
62. Longer application window
63. More powerful than the toughest weeds*!
64. Prevents [Stops] crabgrass [all season]
65. Prevents crabgrass and kills [250] [+] common lawn weeds*
66. Provides broadleaf control
67. Replaces Steps 1 and 2 of a 4 Step Program
68. Starts working on contact
69. Stops crabgrass before it starts
70. Stops weeds* in one application!
71. Targets weeds*, leaves [grasses][the lawn] unharmed
72. Total weed* control
73. Tough weed* killer
74. TRIMEC® is a registered trademark of PBI/GORDON CORPORATION

75. Trimec® logo
76. Use as directed to kill major broadleaf weeds* in your lawn.
77. Use on Lawns to Kill the Toughest Weeds* like Clover and dandelion.
78. Weed-fighting Formula
79. Weed images (any listed weed)
80. Works on contact
81. Your best defense against tough weeds*
82. Controls most annual grasses and certain broadleaf weeds* commonly found in residential lawns
83. Give tough weeds the ONE-TWO punch this spring
84. Kills crabgrass up to [4] weeks after germination
85. Prevents crabgrass and destroys it up to 4 weeks after germination

86. Kills seedling crabgrass up to [4] weeks after [it emerges] [emerging]
87. Can be applied up to 4-weeks after crabgrass emerges!
88. Effective in killing crabgrass up to 4-weeks after seedlings emerge
89. Will control or suppress up to [XX] other listed grass and broadleaf weeds as listed
90. Controls or suppresses up to [XX] other listed grass and broadleaf weeds, when applied prior to germination
91. Stops Grassy Weeds* before they start[!]

*See use directions for complete list of treated weeds.

Claims regarding Combination Weed Control and Fertilizer

1. Crabgrass Preventer, [broadleaf] Weed* Killer, [Root Builder] [Turf greening]
2. Kills weeds* – Thickens lawn
3. Kills weeds* [and fertilizes the lawn]
4. Kills weeds* and feeds your lawn [turf] for [up to] [3 months] [12 weeks]
5. Kills Weeds* While Feeding Your Lawn
6. Kills weeds*, prevents Crabgrass and feeds your lawn [for up to 3 months] [for 12 weeks].
7. Lawn Nutrients and Weed* Control in one convenient formula!
8. Prevents Crabgrass and Fertilizes
9. Prevents Weeds* [and Fertilizes the lawn]
10. Prevents weeds* and feeds your lawn [turf] [for 3 months] [for up to 3 months] [for 12 weeks] [for up to 12 weeks]
11. Spring Fertilizer [·Feed, Weed* and Crabgrass Control]
12. Stops weeds* and feeds your lawn [turf] [for 3 months] [for up to 3 months] [for 12 weeks] [for up to 12 weeks]
13. Thickens turf to crowd out weeds*
14. Triple action formula – kills [actively growing] weeds* – prevents [unsightly] crabgrass – builds stronger roots [for maximum drought resistance] [for maximum greening] [for maximum water absorption]
15. Triple [Power] [Guard] Weed* & Feed
16. Weed ‘n Feed Plus Crabgrass Preventer
17. Spring fertilizer with crabgrass preventer and broadleaf weed* control in one easy step
18. Comprehensive weed* control and lawn fertilizer in one easy application!
19. One easy application does it all!
 - Fertilizes the lawn
 - Prevents crabgrass
 - Kills over 250 Broadleaf weeds* and grasses!

*See use directions for complete list of treated weeds.

Claims regarding Fertilizer Properties

1. (Symbol for heat/drought resistance)

2. (Symbol for stronger roots)

3. NO PHOSPHATE LESS NEGATIVE IMPACT ON OUR WATERWAYS [LOGO]
4. [for] [Builds] [a] thicker, [stronger,] greener [lawn] [grass] [turf]
5. [phosphorus] [phosphate] free [Note to reviewer this is when “zero” phosphate is indicated]
6. [TURF Fertilizer Broadleaf Plus Dimension Weed Control] strengthens roots for improved water absorption
7. [TURF Fertilizer Broadleaf Plus Dimension Weed Control] – All the fertilizer nutrients your lawn [turf] needs for spring
8. [TURF Fertilizer Broadleaf Plus Dimension Weed Control] – Providing the Nutrients Needed for Beautiful Lawn
9. [xx%] readily available nitrogen
10. builds [strong] deep roots [to retain water] [to protect from drought and heat] [to endure heat, drought] [for better heat and drought tolerance]
11. Builds strong, deep roots, for a thick, green lawn [turf]
12. Builds stronger roots [for maximum drought resistance] [for maximum greening] [for maximum water absorption]
13. Deeper roots better retain water to protect from heat and drought
14. Deeper, stronger roots means less watering needed
15. Fertilizes to provide rich color [and vigorous growth]
16. Great results, first season of use –guaranteed.
17. Greens in 72 Hours & Promotes Thick, Green Growth
18. Grow a thicker, greener lawn with less water
19. Grows [strong] [deep] roots to protect from heat and drought
20. Helps lawns retain water to protect against heat and drought
21. Improves soil fertility
22. Improves water absorption [in turf grasses]
23. Keeps lawn strong during summer’s heat
24. Larger Roots / Greener Lawn
25. Less watering, [drought resistant] due to [stronger] [deeper] roots
26. No burning when used as directed.
27. No phosphate Fertilizer [Less Negative Impact On Our Waterways] (for use when fertilizer analysis has “0” phosphate).
28. Promotes rapid root growth
29. Promotes root growth for a thicker, greener lawn [turf]
30. Protects & [and] strengthens for a better spring lawn [turf]
31. Provides your soil with nutrients
32. Restores nutrients to your soil
33. Restores nutrients to your soil for a quick spring green up [green-up] of lawn [grass] [turf].
34. Strengthens lawn against summer heat
35. Strengthens lawns against heat and drought

- 36.Strong[er] roots [can] [will] absorb [more] water [better] [with less effort]
- 37.Zero phosphate[Less Negative Impact On Our Waterways in comparison to other fertilizer products] (for use when fertilizer analysis has “0” phosphate).
- 38.Fall fertilizer promotes root growth or winter hardiness and spring green up
- 39.Two simple fertilizer applications each year in Spring and Fall – half the number of applications required by traditional Step programs
- 40.Two simple fertilizer applications each year in spring and fall only!

- 41. In comparison to other fertilizer products
- 42.[XXX] % of total nitrogen is derived from [MESA][Meth-Ex][SCU][PCU] slow release nitrogen
- 43.[XXX] % of total nitrogen is from [MESA][Meth-Ex][SCU][PCU][LSN][Urea]
- 44.[XXX] % of total nitrogen is derived from [LSN] stabilized nitrogen
- 45.[XXX] % of total potassium is derived from [EXPO] slow release potassium
- 46.[XXX] % of total potassium is from [EXPO][MOP][SOP][Muriate of Potash][Sufate of Potash]
- 47.

Claims regarding Slow Release Fertilizer Properties

- 1. (Number symbol as shown in circle)
- 2.[1 to 12] Feeds your lawn up to [XX] [8] [12] [weeks] [months].
- 3.[METH-EX®] [MESA] Provides slow, continuous feeding for up to 12 weeks. Initially some nitrogen is released by water to provide early spring green-up. As soil temperatures warm, nitrogen is gradually released through microbial action that minimizes surge growth.
- 4.[TURF Fertilizer Broadleaf Plus Dimension Weed Control] feeds and greens with [slow release] fertilizer [for up to 3 months] [for up to 12 weeks].
- 5.[xx%]slowly available nitrogen
- 6.Change to a more efficient, top-performing fertilizer
- 7.Continuous feeding [[for] [up to] [8 weeks] [12 weeks]
- 8. Extended time-release feeding of nitrogen lasts into the summer.
- 9.Featuring both immediate release and controlled-release nutrients.
- 10.Featuring MESA® Slow Release Nitrogen
- 11.Feeds [lawns] for 3 months!
- 12.Feeds [greens] [strengthens] [thickens] your lawn for up to 3 months [12 weeks]
- 13.Feeds [your] [the] lawn [for 3 months]
- 14.Feeds your lawn [turf] up to [8] [12] weeks
- 15.Fertilize once for the growing season.
- 16. Homogenous Fertilizer

17. Fertilize Once for the Season [—Feeds and greens with slow release fertilizer for up to three months.]
18. Get spectacular results with an enhanced efficiency fertilizer.
19. Greens up to 3 months [12 weeks]
20. GreenView® and METH-EX® are registered trademarks of Lebanon Seaboard Corporation.
21. MESA® is a registered trademark of Lebanon Seaboard Corporation.
22. METH-EX® is a registered trademark of Lebanon Seaboard Corporation.
23. No flush growth response after application means less clippings
24. Only one application needed with new nitrogen technologies.
25. Patented, controlled release nitrogen [for continuous feeding]
26. Quick and continuous greening for up to 3 months [12 weeks]
27. Slow release nitrogen helps prevent leaching into area water systems when applied as directed.
28. What is Slow Release Nitrogen?
29. MESA® proprietary slow-release nitrogen builds strong roots to provide controlled, steady nutrition for your lawn
30. MESA® is a proprietary, patented slow-release nitrogen source
31. Contains MESA® controlled release nitrogen
32. New Jersey slow-release nitrogen compliant
33. Slow-release nitrogen content compliant in [state, state, state]
34. Provides the [lawn] [turf] controlled, steady nutrition
35. Consistent greening with no excess growth, and less mowing!
36. Provides lush, green lawn with no excess growth
37. No surge growth
38. Less mowing, because greening is more consistent
39. In [NJ]: [states listing, variable]
40. Feeds [lawns] for ([8] [9] [10] [11] [12] weeks) ([2] [3] months) !
41. Feeds [plants] [for] [up to] [X months]!
42. Feeds [your] [the] lawn for [(2) (3) months] ([8] [9] [10] [11] [12] weeks
43. MESA® - A little bit of blue makes a whole lot of green.
44. [MESA®] [GreenSmart] promotes:
 - Deeper Green Turf
 - Faster Green-Up
 - More Nitrogen to the Plant
 - Brilliant Color Response, Even in Cooler Temperatures
 - Fewer Clippings
 - Extended Color for up to [8] [9] [10] [11] [12] weeks
45. How can any fertilizer that works so quickly last so long?
46. The answer is MESA®, the patented combination of ammonium sulfate with methylene urea
47. NO artificial coatings
48. Ammonium sulfate release is effectively controlled to provide consistent, brilliant turf color
49. Features MESA®: the first nitrogen source to combine ammonium sulfate with methylene urea in a single particle.

- 50. MESA® retains its slow-release attributes even when cracked, chipped, or crushed
- 51. NO flush-growth response
- 52. Dependable, economical fertilizer choice for any residential lawn

Claims regarding GreenSmart Enhanced Efficiency Fertilizer Properties

- 1.GreenSmart Enhanced Efficiency Fertilizer for a Green Lawn
- 2.[contains] [with] GreenSmart[◊]
- 3.GreenSmart[◊]
- 4.GreenSmart (logos)

- 5.[GreenSmart Enhanced Efficiency Fertilizer -] Improved nutrient release and absorption into the lawn [turf] allows 20% less nutrients to be applied while still providing [a] quality lawn [turf]
- 6.GREENSMART ENHANCED EFFICIENCY FERTILIZER FOR A GREEN LAWN and Design is a registered trademark of Lebanon Seaboard Corporation.
- 7.20% less nutrients required for the same great lawn [turf] results [with GreenSmart Enhanced Efficiency Fertilizer]
- 8.A high-quality product, made with GreenSmart[◇]
- 9.Because your grass is better able to absorb and use the nutrients and moisture provided by the surrounding soil, less fertilizer ingredients are needed.
10. Better lawn nutrition [means] [results in] stronger, heartier grass.
- 11.Boosted root development helps retain water to protect against heat and drought, so less watering is needed.
- 12.Enables lawns [turf] to use nutrients more efficiently
- 13.Enhanced Efficiency Fertilizer
- 14.Enhances nutrient absorption
- 15.Enriches soil to promote a vibrant, hardy lawn [turf]
- 16.Enriches soil, nourishing [lawn][plants] to become stronger and more able to withstand stresses like drought — so you can water less.
- 17.Fertilizers with GreenSmart[◇] represent a new class of lawn-care treatment options.
- 18.For the results you want – for the neighborhood you can be proud of.
- 19.Good nutrition is an essential part of being personally fit, and a big part of a quality lawn too.
- 20.GreenSmart[◇] – Proven performance.
- 21.GreenSmart[◇] [provides] [adds] nutrients where they are needed most, stimulating root growth and improving the efficiency of the lawn’s natural root system.
- 22.GreenSmart and design is a registered trademark of Lebanon Seaboard Corporation
- 23.GreenSmart[◇] enhances poor soil, creating an environment in which lawns [turf] can thrive.
24. GreenSmart[◇] enhances soil habitat to improve nutrient absorption. Better plant nutrition means stronger, heartier plants.
- 25.GreenSmart[◇] helps build strong plants that need less watering because stronger, flourishing lawns are more able to withstand heat and drought.
- 26.GreenSmart[◇] helps reduce lawn stress due to heat and drought.
27. GreenSmart[◇] helps revitalize soil, making more [conventionally] [commonly] [normally] occurring nutrients available.
- 28.GreenSmart[◇] introduces beneficial nutrients that promote stress-resistance in [plants] [lawns]
- 29.GreenSmart[◇] is an exclusive, nutrient-rich formula that promotes plant quality
- 30.GreenSmart[◇] is rich in essential nutrients [plants] [lawns] need.
- 31.GreenSmart[◇] is rich in essential soil nutrients plants need for optimal plant quality.
- 32.GreenSmart[◇] nourished lawns [turf] are more robust because their root systems are larger, deeper and better developed. Vigorous roots mean[s] the lawn [turf] is hardier and better able to tolerate the stress that comes with heat and drought.
- 33.GreenSmart[◇] produces thick, green lawns [turf]
- 34.GreenSmart[◇] promotes a lawn that’s heartier and better able to sustain itself.

35. GreenSmart[◇] promotes better water retention to protect against heat and drought
36. GreenSmart[◇] provides lawns [turf] with nutritional support to help promote and maintain overall plant vigor resulting in a beautiful, green lawn.
37. GreenSmart[◇] provides nutritive benefits to the [lawn][plants] [turf] to enhance nutrient reception.
38. GreenSmart Look for it in quality lawn and garden products.
39. GreenSmart's[◇] nutrients stimulate soil habitat efficiency and promote development of deeper roots for a lawn that needs less watering, and produces grass that's hearty and drought resistant.
40. Helps lawns [turf] retain water to protect against heat & [and] drought
41. Helps unlock nutrients already in the soil
42. Improved Nitrogen Efficiency - Reduces Leaching
43. Improves drought resistance
44. Improves lawn's [turf's] ability to absorb water & [and] nutrients
45. Improves water conservation by building strong roots and more stress-tolerant plants
46. Increase nutrient up-take in grass [lawns] [turf] up to 20% [with GreenSmart Enhanced Efficiency Fertilizer]
47. Lawn[s] [turf] [and plants] nourished with [company name's] GreenSmart[◇] are [is] able to tolerate the stress from heat and drought. GreenSmart[◇] produces large, deep, and well developed root systems that can retain water. This enables lawns [turf] [and plants] to withstand stressful conditions.
48. Lawns with soil that's flourishing have decreased threat of weed infestation.
49. Less watering needed
50. Less watering needed, drought resistant [lawn] [turf]
51. Makes it easier for lawns [turf] to absorb soil nutrients
52. More efficient nutrient delivery, providing similar results with less nitrogen than traditional fertilizers
53. More efficient nutrient delivery; requires less nitrogen inputs.
54. Now with [GreenSmart logo]
55. Plants [lawns] [turf] use[s] nitrogen more efficiently so you need less
56. Poor soil may have fewer of the nutrients needed to promote a vigorous lawn [turf]. GreenSmart[◇] works by enriching your soil with nutrients. GreenSmart[◇] revitalizes the soil, which aids in the development of a larger, deeper and better root system. The enhanced habitat is proven to produce a green, thick, vigorous lawn [turf], and reduces the need for watering.
57. Promotes rapid root growth [for a thick green] [lawn] [turf]
58. Provides similar greening results with up to [20%][30%] less nitrogen than traditional fertilizers.
59. Recharges your soil with nutrients!
60. Reduces need for watering by increasing tolerance to drought and heat
61. Reduces plant [lawn] [turf] stress related to drought
62. Reduces stress on lawns [turf], protects from drought & heat
63. Revitalizes soil habitat to grow stronger, heartier plants.
64. Speeds root growth to improve nutrient absorption
65. Take pride in your lush, green lawn – and pride in your neighborhood.
66. The added efficiency provided by GreenSmart[◇] goes beyond a green, vibrant lawn because it promotes reduced leaching of nutrients into waterways.

- 67. Unlocks the nutrients in soil, enhancing nutrient absorption, so you can grow a thicker, greener lawn [turf] with less water.
 - 68. Unlocks the nutrients in your soil
 - 69. When it comes to growing a green lawn, GreenSmart[◇] is downright brilliant!
 - 70. With GreenSmart[◇], your grass is better able to get what it needs to thrive. The added efficiency provided by GreenSmart goes beyond a greener lawn.
 - 71. www.greensmart.com
 - 72. You can feel good about the beautiful, green lawn results — and the positive impact on your neighborhood.
- [This statement will appear in close proximity to the “◇” and appear once per page when used.][◇] Enhanced Efficiency Fertilizer
